

HAIMANOT MOGES

STRATEGIC • ANALYTICAL • ADAPTABLE

Toronto, Ontario | hmoges3@my.centennialcollege.ca | linkedin.com/in/haimanot-moges

PROFILE

Motivated software engineering professional pursuing an Ontario College Advanced Diploma in Software Engineering Technology – Artificial Intelligence, backed by 10+ years of leadership experience in applied research, program management, and cross-sector partnership building. Skilled in full-stack development (Python, Java, C#, Django, React) with a demonstrated ability to design, build, and deploy production web applications, lead technical teams, and secure funding for complex initiatives. Combines strong analytical rigor from graduate-level research with hands-on software development experience.

PROGRAM / INDUSTRY QUALIFICATIONS

Key Highlights	Full-stack web development experience (Django, React) delivering two live, production websites; currently completing an Advanced Diploma in Software Engineering Technology – AI; hands-on coursework in AI system design and web application development; 10+ years leading data-driven research and technical projects; proven grant-writing and funding record for technology and sustainability initiatives.
Soft Skills	Leadership & Team Coordination • Strategic Communication • Problem-Solving • Adaptability & Fast Learning
Technical / Computer Skills	Programming: Python, Java, C#, JavaScript • Web Development: Django, React, HTML/CSS • Databases: SQL, Oracle, Microsoft SQL Server • Operating Systems: UNIX/Linux, Windows • MS Office Suite
Special Training	LEED Green Associate • Working at Heights • Certified Professional Educator (USAID)

PROFESSIONAL EXPERIENCE

Founder | Aspen Grove Research Collaborative

Aug 2026 – Present

Kitchener, ON

- Lead the organization part-time as **founder, setting strategic direction** and driving organizational development.
- Designing and building the organization's **website using a Django backend and React frontend**, currently in development.
- Initiated grant funding and partnership strategies to support long-term organizational sustainability.
- Support budgeting and financial planning aligned with research objectives.

Digital Lead (Volunteer) | Ethiopian Association in Kitchener-Waterloo

Apr 2026 – Present

Kitchener, ON

- Designed and built a **full-stack website (Django backend, React frontend)** for the association, live at www.eakw.ca.
- Led and coordinated a Digital Bootcamp in partnership with the University of Waterloo, **mentoring 4 UWaterloo students** through completion in August 2026.
- Manage the association's day-to-day digitization operations as a part-time volunteer.
- Recognized by the **City of Kitchener (Mayor's Office)** for exceptional volunteerism, September 2026.

Founder & Lead | MEDSTEM Project

Sep 2024 – Aug 2025

Waterloo, ON

- Founded and directed a community education platform delivering **STEM/coding tutoring**, Ontario curriculum navigation, homeschooling support, and professional relicensing roadmaps.
- Led curriculum design, client intake assessments, and tutor coordination, supporting families and internationally educated professionals through tailored academic and credentialing pathways.

Graduate Teaching Assistant | University of Waterloo

May 2020 – Aug 2023

Waterloo, ON

- Facilitated tutorials and lab sessions for undergraduate students.
- Graded assignments and exams via the LEARN platform and provided constructive feedback.
- Collaborated with faculty to improve instructional delivery and student engagement.

Research Co-Investigator | University of Waterloo

Jun 2018 – Apr 2020

Waterloo, ON

- Led **SSHRC-supported research** activities, including data collection, analysis, and reporting.
- Presented findings to academic and community stakeholders through conferences and publications.

Assistant Professor | University of Gondar

Sep 2014 – Aug 2016

Gondar, Ethiopia

- Taught undergraduate and graduate courses while mentoring students.
- Supported research publication and community outreach initiatives.
- Concurrently served as **Sustainability Coordinator**, leading SIDA- and Swedish Institute-funded sustainability projects and campus-wide engagement initiatives (Sep 2009 – Aug 2016).

Patent Examiner & Documentation Expert | Ethiopian Intellectual Property Office

Aug 2002 – Jun 2006

Addis Ababa, Ethiopia

- Reviewed patent applications for compliance with intellectual property requirements.
- Worked with legal teams to maintain documentation quality and regulatory integrity.

EDUCATION

Advanced Diploma, Software Engineering Technology – AI (Online)
